

ADASSIYA

# BIOGRAPHY

**Adassiya is a Paris-based, internationally recognised DJ, Producer, and Live Performer.**

She started her singing career at the age of 13, recording her first album with Warner Music. By 18, the music "10 Commandments" were fully integrated into her life and she has been living her musical dream ever since. Her early career started as songwriter for several successful French singers, collaborating with many urban and hip-hop artists signature of her generation. In 2016, she discovered a new passion – electronic music and DJing. Behind the turntables is the perfect environment to share her deeply personal, eclectic sound – a groovy, deep, organic house vibe, with powerful tech house baselines, blending sounds and influences from multiple genres and cultures, reflecting her background, her upbringing, and interests.

The unique mix of her mystical voice, her exceptional DJ skills, and her charismatic presence and energy at the DJ booth, created a considerable buzz in the industry quickly leading to bookings and standout performances at some of the most iconic venues in Paris (Mirage, Alma, Yoyo @ Palais de Tokyo), London (Koko, Annabel's, Bacchanalia), Ibiza (Cova Santa, Beachouse), Lisbon (YARD Project), Rome (Sanctuary), Tulum (Vagalume), Dubai (Surf Club, Arts Club, Kokobay, Twiggy), India (Cray Dunes Festival) and of course her high-profile residency at the famous Scorpions Beach Club in Mykonos, where she played alongside the likes of Bedouin, Keinemusik, Bora Uzer, Dennis Cruz etc.

She has and continues to share the DJ booth with some of the industry greats, such as Dixon, Acid Pauli, Satori, Adam Port, &ME, Jean Claude Ades, and many more. She has also performed at several high-profile events, such as the Eva Longoria Charity Gala, L'Oréal, Yves Saint Laurent, Balmain, and other luxury brands.

Adassiya is also a prolific producer, releasing her EP 'Rebirth' in 2021 and going on to develop an impressive, critically-acclaimed catalogue of original tracks, remixes, and collaborations on labels such as Lump Records, Scorpions Music, Wannabe a Frog, Cosmic Awakenings, amongst others. Her recent release 'Mektoub', a collaboration with Flamenco artist P.Rivas, and remixed by Jean Claude Ades, on Scorpions Music, was one of the tracks of 2023, played all over the world by leading DJs such as Keinemusik. Her collaboration with Adam Port and Chris IDH 'By Myself' came out in 2024 on Pete Tong's Three Six Zero label to amazing reviews.

Lately, she is focusing on her own record label, Mektoub, where Afro house, tribal rhythms, and melodic harmonies intertwine with ethereal percussion, creating a tapestry rich in culture, spirit, and emotion. Offering more than just music, the label is an escape to a realm where mysticism meets spirituality.

Rigorous in the studio, magnetic in the DJ booth and generous in life, Adassiya is one of the finest exponents of the French Electronic Music Scene today.
